

Articles with *Elvox 3-Digit Digital System* to be discontinued

We hereby inform you that orders for products with the ***Elvox 3-Digit Digital System*** can no longer be accepted.

As we can no longer source the electronic components required to manufacture and repair these products, from now on we will not be able to supply any spare parts.

In the event that maintenance work is required, if the malfunction is due to an Elvox 3-digit device (entrance panel, interphone, monitor) and not to the system itself, the existing equipment will have to be replaced and the system refurbished using Digibus or Two-Wire technology.

Some of the main articles with the Elvox3-Digit Digital System supplied recently are listed below

Entrance panels:	2942/...	2943/...	2945/...	5944/...	5945/...
